Hello Mustang Enthusiasts!
Well, the Mustangs Unlimited show last weekend marks the end of this year’s show season but, that doesn’t mean it’s time to your Stang up for the winter.

If you missed this month’s meeting, see the meeting notes for our new officers. A big thank you goes out to all of our outgoing (and in-coming) officers, especially John Knox, next time you see him make you tell him thanks for 4 years of leadership. Here is John’s response:

Today was a special day for me. After being the President of Georgia Regional Mustang Club for the past four years, today was my last day presiding at the club's monthly meetings. It has been an honor to be the leader of such a fantastic group of Mustang enthusiasts and I want to thank every member of the club for all the fun and good times we have had. I want to thank everyone who has served with me as officers of the club over the past four years, I could not have ever done it without them!
I look forward to remaining an active member of GRMC and offering any help I can to the new officers.
Thank you,
John Knox

We’ve got a lot to do for the holidays and planning for next year. Our Christmas party is December 5th and we will be caravanning to Check out the GRMC website and facebook page to see what else coming up next. Have a safe Thanksgiving!

See ya’ on the road!

If your facebook page has more selfies of your car than you, You might be a Mustang driver...

Jim Tidwell Show 2015

The weather just doesn’t like us having a show in November! We had snow flurries last year and this year we had to post-pone a day due to rain. Then it got cold, windy and again rainy. 52 die-hard Mustangers did come out and we had a good time. Our new location, Jersey’s Sports Bar, was warm and had great food. It was all worth it as we raised funds for our charity and filled our box of toys-for-tots.
Triple play: Ford Mustang, Focus, and F-Series sweep SEMA 2015 “Hottest” awards

Ford Mustang, Ford Focus and Ford F-Series are officially Hottest Car, Hottest Sport-Compact and Hottest Truck of this year’s Specialty Equipment Market Association show. The SEMA award recognizes the most popular vehicles the organization’s members feature in their displays at the weeklong event. 2015 marks the first time any OEM has won three of the coveted awards.

Before this year’s show opened, SEMA officials walked the floor of the giant aftermarket expo and counted the number of new cars and trucks exhibited. More Mustang, Focus and F-Series vehicles are on display than any other car or truck.

“Winning SEMA’s hottest vehicle awards for Mustang, Focus and F-Series is a great affirmation of the popularity of Ford vehicles with this trendsetting part of the market,” said Dave Pericak, director, Ford Performance, who accepted all of the honors at the annual awards breakfast. “We’re proud the aftermarket has embraced these three vehicles with as much enthusiasm as our customers invest to personalize their Mustang, Focus and F-Series.”

Ford Focus won Hottest Sport-Compact of SEMA for the first time as the car’s popularity with the aftermarket grows. Mustang and F-Series each have multiple wins – a testament to the popularity and appeal of Ford vehicles.

Ford takes center stage once again at SEMA this year as the largest OEM presence with 28 unique SEMA builder cars featured on the Ford stand alone, and nearly 50 vehicles on display between the stand and the wildly popular Ford Out Front demo track. Custom builds include six Ford Focus and Fiesta ST cars, seven Ford SUV models from Edge Sport and Explorer Sport, eight Ford Mustangs and seven Ford F-150 concepts.

Hot girls drive hot Mustangs too!
A FASTER HORSE MOVIE

We didn’t get our exclusive movie preview but, you can still see this movie in select theaters. A must-see for every Mustang enthusiast.

MCA Pony Drive

The pony ride up to Dahlonega was awesome! We had Mustang police escort (drug dealer donation) and police managed intersections in several counties which allowed us to cruise through the north Georgia winding roads for an hour non-stop! We caught the locals off-guard as many of them pulled over thinking we were a funeral procession. The Annadale Village was our beneficiary.
Ford Performance Whips Up 2016 Cobra Jet Burnout Ringtone

2016 Cobra Jet Debuts at SEMA with Custom Ringtone:

Mark Houlanam Tech Editor, Mustang Monthly, November 5, 2015, Photos By: Ford Motor Company

While it is extremely hard to get past the Triple Yellow Ford GT on display in the main Ford display area of the 2015 SEMA show, the big news for those that don’t have $400,000 for a new GT is that Ford Performance debuted the 2016 Mustang Cobra Jet drag car this week as well. The 2016 Cobra Jet, featuring a supercharged 5.0L DOHC engine is good for low 8-second elapsed times we’re told. Only 50 are being built—25 in blue and 25 in white. Retail is right around $100K for a factory turn-key race car legal for NHRA Stock and Super Stock racing and most likely they’ll all be sold by the end of the year.

Ford Performance wants everyone to share in the Cobra Jet news and has launched a few marketing items we really dig. First off was the cut-out and fold paper Cobra Jet you can place on your desk, but today Ford Performance announced a really sweet “burnout” ringtone you can download and add to your smart phone. Get the download https://soundcloud.com/fordmotorcompany/2016-cobra-jet-mustang-ringtone/s-cjEv/ and use it for a ring tone, text alert, or whatever you like and you’ll be the envy of your Mustang friends!
November 2015 Meeting Minutes
